

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MISS SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1896: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them." Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants.

According to the newspapers, an Ohio husband became the happy father of seven children not long ago. Of the seven all died but one. It is to be hoped he laid in a supply of Chamberlain's Cough Remedy, the only cure for croup, whooping cough, colds and coughs, and so insured his children against these diseases. For sale at C. W. HIGH SCHOOL COMMENCEMENT.

Everything Lovely for the Aletheian Class Tonight.

This evening's exercises will close another year of history for Seymour's high school. The class of '97 with its appropriate motto, "For Life, not for School, we Learn," will take its farewell of the school it has known so long to enter in broader fields and larger duties. Its record has been a creditable one throughout the year. It has mastered the work assigned it and has earned the praise of its teachers for careful and conscientious study.

Much credit is due to Superintendent Montgomery and his able corps of assistants as well as to the teachers in the grades for the efficiency of the Seymour schools and for the thorough work which is done by the classes leaving our schools year by year.

Tonight the doors will be open at 7:30. The orchestra will open with music at about 7:45 and promptly at 8 o'clock the exercises will begin. The following is the program:

LOVE AT FIRST SIGHT.

Bicyclist Schooley Marries a Seymour Girl And Leaves for California.

Last Thursday H. C. Schooley who made the 100 mile bicycle run here on Tuesday evening came to Seymour. He hailed from the golden state of California. He attracted attention at once by his exhibition of bicycle riding on the streets. But he attracted the heart of a Seymour maiden as well.

Last evening about 8 o'clock he and Miss Lena McDonald, daughter of ex-Senator W. N. McDonald started to Brownstown. They arrived in the county seat about ten o'clock, aroused the clerk from his slumbers, and procured the necessary license. Armed with this legal document they sought the home of a minister and were married. The couple had known each other less than one week. The father and sisters of the bride were opposed to her marriage on so short an acquaintance but she insisted. They left this morning for Indianapolis where they will spend a brief honeymoon before leaving for Mr. Schooley's home in California.

Something to Know.
It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at W. The principal places of summer sojourn along the Atlantic Ocean, in the Alleghenies, the Adirondacks, Catskills, and mountains of the East, and the lake region and northern Michigan and the Northwest, may be readily reached over the Pennsylvania Lines.

Special information regarding the leading resorts and the advantages enjoyed in journeying to them over the Pennsylvania route has been compiled and printed in convenient form. NEW ENTRANCE TO NEW YORK.

Passengers via Pennsylvania Lines Now Have Choice of Three.

All are convenient locations: Cortlandt street and DeBorres street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious ferryboats, double deckers, constructed especially for the Pennsylvania lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania system, the same as the boats running between that station and Cortlandt street and DeBorres street, which will also be continued in daily service.

The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through trains from the west, over the Pennsylvania Lines, land passengers in New York between 8:30 a. m. and 9:40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panorama gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.

The Best Remedy for Rheumatism

From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. Is it "or rwork" that has filled this

country with nervous dyspeptics?—that takes the flesh off their bones, the vitality from their blood, and makes them feeble, emaciated and inefficient? No. It is bad cooking, overeating of indigestible stuff, and other health destroying habits.

The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach the Cordial gives it a change to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

BANK MESSENGER DISAPPEARS.

Albert M. King mysteriously missing—So is a Large Amount of Money.

BOSTON, May 20.—Albert M. King, a 19-year-old messenger of the Boylston National bank, is missing together with about \$20,000 in cash and a \$10,000 United States certificate not negotiable except between banks. King started for the clearinghouse yesterday to settle the balance against the bank and on the way, according to instructions, transacted other business involving some thing like \$45,000. As he did not return to the bank in a reasonable time the officials grew anxious and made a search for the messenger, besides notifying the police, but have been unable to ascertain his whereabouts. When young King left the bank for the clearinghouse the balance against the bank was \$15,500.71. To pay this he received an order on the Union National \$25,000, the remainder to be returned to the Boylston bank. Besides he was instructed to go to the Freeman's National bank and collect \$20,000 which he was to carry to the National Bank of Commerce and pay it there.

King reached the clearinghouse and paid over the \$45,000 in cash, which he had received from the Union bank, and in order to balance the account he had to take \$500.71 from the \$20,000 which he should have paid to the National Bank of Commerce. Here all trace of the missing boy was lost.

An operation was performed, the intestines being removed and the wounds sewed up and then replaced. Mr. Wiley was only confined to his room for two weeks, and is now up and around, apparently fully recovered. The case is to be reported for the surgical records.

Four Thousand Houses Destroyed.

VICTORIA, B. C., May 20.—The steamer Empress of India, from Yokohama, yesterday brought news of a fire which completely destroyed the town of Hochioji in the silk district of Japan. Nearly 4,000 houses were destroyed and between 40 and 50 lives were lost. All the houses were frail wooden structures and the fire took but a short time to sweep the town, giving the helpless members of the community little time to escape.

CONSULS IN DANGER

Debate on the Morgan Resolution in the Senate.

WEYLER IS CALLED A MADDOG.

Reason for the State Department's Secrecy as to Consular Reports is Said to Be a Fear That the Officers Will Be Massacred - Reception to the Postal Congress.

WASHINGTON, May 20.—Another stirring debate on Cuba occurred in the senate yesterday. It was of the give and take order, with sharp parliamentary fencing. The main speeches of the day were made by Senators Foraker (O.), Cannon (Utah), Lindsay (Ky.) and Hoar (Mass.). It was the first speech of any length made by Mr. Foraker since he entered the senate, and in addition to this the Ohio senator is one of the Cuban subcommittee of the committee on foreign relations. He spoke in favor of a reference of the resolution to the committee, but on the general questions declared his purpose of supporting the resolution recognizing Cuban belligerency when it should be reported to the committee. Mr. Cannon was bitter in his denunciation of Spanish atrocity, characterizing the captain general of Cuba as "that mad dog Weyler." Mr. Lindsay declared if the information furnished by United States consuls was so shocking as to subject them to danger of assassination if their names were disclosed it was time to send warships to Cuba and to terminate all diplomatic relations with that country.

It was developed in the course of a colloquy between Senators Foraker, Morgan and Vest that the state department had withheld the names of United States consuls reporting on the serious conditions of affairs in Cuba because it might lead to their massacre. Mr. Vest declared that this presented the most serious phase of the subject, as it was time to protect our officials with warships if their personal safety was threatened for making reports to their government.

No action on the resolution was taken but Mr. Morgan said he hoped to secure a vote today on Mr. Hale's motion to refer. He desired to do this, he said, in order that the Cuban resolution might not antagonize the tariff bill on Monday.

Mr. Vest asked why it was that three members of the committee on foreign relations had access to the evidence furnished by United States consuls and the senate did not have it. Mr. Morgan answered that three senators on the committee had been sent as a subcommittee to the president and secretary of state to confer on the Cuban subject. They had received certain information and the injunction was laid upon them that the name of General Lee was not to be used in connection with the information. "The reason given for this," added Mr. Morgan, "was the fear that the officials who gave the information would be massacred. Another reason was that we had no war vessels ready to meet the outbreaks of vicious people, ready to massacre."

Mr. Vest addressing Mr. Foraker said: "I call attention to the statement of the gentleman from Alabama that the president and secretary of state desired that names of consuls should not be given as it would involve their assassination. Is that so?"

"Not in that language," replied Mr. Foraker, "but it was suggested that the disclosure of names might do more harm than good and possibly lead to violence." "And now, we come to the serious question," continued Mr. Vest, "impressively. 'Has the government sent gunboats to see that our consular officials are protected? Must we be told that they may be assassinated if their names are given? That is the serious question.'"

Mr. Hoar pointed out that it was usual to withhold the names of consuls when the disclosure might result in a demand for their recall. "I am one of those senators who want an early vote on this resolution," Mr. Hoar went on. "I am specially desirous of getting it out of the way, because there is other important business ripe and ready, for which this special session of congress was called and for which the business and the labor of the country are anxiously waiting."

AUSTRALIAN BALLOT.
Ruling on the Law by Judge Stipp at Princeton, Ills.
PRINCETON, Ills., May 20.—Judge Stipp of the circuit court has made an important ruling on the Australian ballot law. He holds it to be lawful to prepare and mark a complete ticket containing many names, and to take this ticket to the election booth and paste it to the side of the regular ballot handed out by the election judge. By the decision the ticket in the city election at Ladd, headed by Mayor John Rolando, was declared elected. An appeal to the supreme court was taken.

Indiana Postmasters.
WASHINGTON, May 20.—The president yesterday sent the name of J. H. Thornburg to the senate to be postmaster at Booneville, Ind. Fourteen postmasters were appointed as follows: Bonds, M. C. Russell; Campbellburg, J. S. Denny; Cory, John R. Terrell; English, W. W. Temple; Lincoln, G. E. Ullery; Milton, C. H. Callaway; Monrovia, J. Brown; Palmyra, M. F. Ellis; Pokin, W. A. Graves; Pleasant Mills, A. J. Wood; St. Louis Crossing, W. F. Harber; Silver Lake, J. A. Meek; Sparksburg, I. T. Lee; Uniondale, W. H. Park; West Baden, E. B. Rhodes.

MR. FORAKER SAID THAT "IN SPITE OF THE limitations which are imposed upon me I feel at liberty to state that mediation has been tendered by this government and has been rejected by Spain."

Mr. Foraker then gave the facts regarding the Olney letter to De Lome. He read a sentence from Spain's reply to the proposition as follows: "There is no effectual way to pacify the Cubans except upon the condition that they first submit to the mother country." "Having rejected this proposition," Mr. Foraker asked, "is it reasonable to suppose that she would now entertain a proposition to abdicate entirely?" Mr. Foraker then read at length from Mr. Olney's letter offering mediation and from the consular report as credited to General Lee.

After remarks by several other senators and without coming to a vote the senate adjourned until Monday.

Reception to the Postal Congress.
WASHINGTON, May 20.—The delegates to the international postal union were given a reception at the white house last night by President and Mrs. McKinley. The house was beautifully decorated and the conservatory was thrown open for the admiration of the guests. PRESBYTERIANS.
Opening Session of the One Hundred and Ninth General Assembly.

EAGLE LAKE, Ind., May 20.—The 109th general assembly of the Presbyterian church was called to order this morning at 11 o'clock by Moderator Withrow. Governor Mount of Indiana made a brief address, welcoming the commissioners to Indiana. After appropriate response by the retiring moderator, Rev. John L. Withrow of Chicago, the latter delivered the opening sermon. The afternoon session is being devoted to perfecting the roll of commissioners previous to the election of a moderator.

The main work of the general assembly during its 10 days' sessions will be connected with the missionary and benevolent work of the denomination.

Committees will report on the officers' and different boards' reports as follows: ministerial relief, Saturday; missions to the freedmen and education, Monday; home missions and aid for colleges and academies, Tuesday; foreign missions and publication work and Sabbath school work, Wednesday; church erection and benevolent, Thursday, and temperance Friday. Besides these there will be a report submitted on the Presbyterian building in New York. It is said that the report will be attacked by one member of the committee, and the discussion is likely to become animated.

It is said that the management of the various boards will probably receive some ventilation in connection with the detailed reports of expense of administration. The board of home missions seems to be the special point of attack and the committee's report is awaited with considerable interest.

Yesterday was occupied with conferences on foreign missions. Representatives from distant lands were heard and the claims of the work have been presented. The meetings were under the auspices of the chairman of the synodical and presbyterian committees and of representatives of the women's boards. The hotels on the assembly grounds are crowded and the assignment committee is planning the arrivals in quarters in Warsaw, which has made arrangements to take care of the overflow.

ADOLPH LUETGERT.

His Attorney Issues a Statement to the Effect That Mrs. Luettger Is Alive.

CHICAGO, May 20.—Ex-Judge W. O. Vincent, attorney for Adolph Luettger, the sausage manufacturer, accused of murdering his wife, has issued a statement to the public in which he asserts that Mrs. Luettger is alive, or was four days subsequent to the date upon which the police claim the murder was committed. The statement declares that the woman left home about 10:30 on the night of May 1 and that a woman in every way answering her description appeared at the Chicago and Northwestern railway station in Kenosha, Wis. She was evidently deranged and talked about "going to Mueller's to work."

Luettger at one time rented a farm to a family named Mueller. The woman, according to the accused's attorney, hung around the station until about 7 a. m., and has not since been seen. The attorney confesses that he has not the most remote idea of the woman's whereabouts if she is still alive.

TURKEY FOR PEACE

Government Ready to Modify Its Demands in Certain Particulars.

SULTAN WILL NOT CONCEDE ALL

Abolition of Capitulation in Greece Must Be Agreed or There Will Be No Peace in Europe—The Czar's Telegram—Official Statement From the Turkish Government.

CONSTANTINOPLE, May 20.—An official of the Turkish foreign office in an interview yesterday, after dwelling upon the provocative attitude of the Greeks and the earnest efforts made by Turkey to prevent war, said: "During the month's war Turkey has suffered serious life and money and the peace conditions put forward cannot but be regarded as moderate and as wholly justified. Nevertheless, the government is possibly prepared to modify its demands in regard to the indemnity and the cession of Thessaly in view of the bankrupt condition of Greece and as a proof of its pacific desires."

"In regard to the abolition of the capitulations in favor of the Greek subjects in Turkey, it is impossible for the government, in the interests of the country, to make any modifications. Even Serbia and Rumania, in every sense the superiors of Greece, have not these privileges, and Greece cannot be allowed to retain exceptional rights which she has so scandalously abused. It is confidently hoped, therefore, that Europe will have sufficient sense of justice not to press Turkey. Upon this point she is determined not to yield, and should Europe

attempt to impose such a sacrifice by force of arms the situation created would be most detrimental to general peace. The Turkish population would inevitably become excited by such injustice, the government could not hold itself responsible for the grave consequences which would follow and the powers would, in the end, undoubtedly have cause to deplore deeply the result of such actions."

The Czar's Telegram.

The telegram of the czar appealing to the sultan to cease hostilities against Greece, which was couched in the most friendly terms, is regarded as being very significant as showing the pacific intentions of the czar, while it is also, politically important in the line of checking German influence at the Yildiz Kiosk, which influence has considerably increased since the outbreak of the war with Greece. The action of the czar has had a marked impression upon the Turkish government which is already showing a more conciliatory disposition, promising the conclusion of an equitable peace.

Sultan's Official Statement.

An official statement was published last evening, which, after reciting the Turkish side of the war up to the battle of Domokos, says: "The czar sent to the sultan a special telegram expressing his sincere sentiments in reaffirming the pacific views of the powers and noting with appreciation the success of the imperial troops. The capture of Domokos forming the natural limit of the defensive operations and the government being desirous of giving fresh proof of its

Money isn't worth the sacrifice that many men make to get it. Business men and laboring men overdo themselves in the effort to become rich or well-to-do. They do not take sufficient time from business and work to care for their health. Men who overwork and neglect their health, flatter themselves that they are spurred on by a landable ambition. They do not realize that they are also spurred on by death, and that it is the weight of death that stoops their shoulders. When a business man or working man feels out of sorts and realizes that he is overworking he should slow up a little. Then if he will have resort to the right remedy he will soon be in fine fettle and able to do any reasonable amount of work or business. Dr. Pierce's Golden Medical Discovery is the best of all known medicines for hard working men and women. It tones the nerves, brightens the brain, strengthens the muscles, restores the appetite, and builds new tissues in every part of the body. It cures 98 per cent of all cases of consumption and other wasting diseases. Honest druggists will not offer a substitute.

Mrs. Rebecca P. Gardner, of Grafton, York Co., Va., writes: "I was so sick with dyspepsia that I could not eat anything for over four months. I had to starve myself as nothing would stay on my stomach. I tried almost everything that people would tell me about and nothing did me any good. I was so badly off I could not even crack a cracker but it would nearly kill me. I thought I was going to die. I weighed only eighty pounds. I took two bottles of your 'Golden Medical Discovery' and, thank God, and your medicine. I am as well as I ever was, and now weigh 125 pounds. I tell everybody about my cure and all those who lived close to me think it miraculous that I am looking so well."

FOR CONSTIPATION.
no remedy in the world is equal to Dr. Pierce's Pleasant Pellets, which act naturally and mildly, but never fail to effect a complete and permanent cure. There is no substitute for these "Pellets," no matter what any druggist may say. They regulate and invigorate the Stomach, Liver and Bowels.

pacific intention, the cabinet decided, and its decision was confirmed by an irade, to cease hostilities upon conditions to be arranged by the respective commanders. The conditions of peace following the armistice will assure the future rights and dignity of the imperial government, the frontiers of Turkey and the preservation of general peace."

GREEK MOVEMENTS.

General Smolenski Ordered to Occupy and Defend Thermopylae.

ATHENS, May 20.—The government has ordered General Smolenski to occupy and defend Thermopylae and Molos (Malos), which will constitute the chief line of Greek defense. It appears that a portion of the army remained at Deventurka, where its retreat was cut off by the Turkish occupation of Aidiniza. Two hours fighting occurred there Tuesday morning. When the Greek commander informed the enemy that an armistice had been signed the latter replied that he had no knowledge of it, but, accepting the Greek statement, he stopped the fighting pending a reference of the matter to Edhem Pasha at Domokos.

General Smolenski and Crown Prince Constantine met late Wednesday night at Imberie, five miles from Lonia. No further progress has been made in the peace negotiations. A dispatch just received from Arta says that when the Greek and Turkish delegates met to discuss the armistice the latter declared that they would submit the proposal of the Greeks to Edhem Pasha, and pending the arrival of instructions from him, would agree to an armistice for 24 hours.

Passed the Anti-Mob Bill.

FRANKFORT, Ky., May 20.—The legislative fight of two winters is ended. The house passed the anti-mob bill yesterday, thus removing all probability to any additional extra session and the senate silver minority fought through another whole day without allowing the fusion bill to pass. This makes the bill's passage at this session, which ends Friday, an impossibility.

PITTSBURG, May 20.—The conference between the scale committees of the manufacturers and green bottle makers ended last night after definitely deciding not to change the rule for the summer shutdown, and the factories will close during July and August as heretofore. The other suggestions will be submitted to the convention at Atlantic City next month.

Just a week ago Mrs. White's cousin, Owen Rex, suicided two days later George W. Lane and four weeks ago W. E. Norris. Mrs. White had at one time been confined in the insane hospital at Indianapolis.

The same night Bidle's house was destroyed by fire, and he and his wife and three children were burned to death. It is supposed the tramps applied the torch to the house out of revenge.

The class of '97 with its appropriate motto, "For Life, not for School, we Learn," will take its farewell of the school it has known so long to enter in broad-r fields and larger duties. Its record has been a creditable one throughout the year. It has mastered the work assigned it and has earned the praise of its teachers for careful and conscientious study.

Much credit is due to Superintendent Montgomery and his able corps of assistants as well as to the teachers in the grades for the efficiency of the Seymour schools and for the thorough work which is done by the classes leaving our schools year by year.

LOVE AT FIRST SIGHT.

Bicyclist Schooley Marries a Seymour Girl And Leaves for California.

Last Thursday H. C. Schooley who made the 100 mile bicycle run here on Tuesday evening came to Seymour. He hailed from the golden state of California. He attracted attention at once by his exhibition of bicycle riding on the streets. But he attracted the heart of a Seymour maiden as well.

Last evening about 8 o'clock he and Miss Lena McDonald, daughter of ex-Senator W. N. McDonald started to Brownstown. They arrived in the county seat about ten o'clock, aroused the clerk from his slumbers, and procured the necessary license. Armed with this legal document they sought the home of a minister and were married. The couple had known each other less than one week. The father and sisters of the bride were opposed to her marriage on so short an acquaintance but she insisted. They left this morning for Indianapolis where they will spend a brief honeymoon before leaving for Mr. Schooley's home in California.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at W. F. Peter's Drug Store.

NEW ENTRANCE TO NEW YORK.

Passengers via Pennsylvania Lines Now Have Choice of Three.

All are convenient locations: Cortlandt street and Debraes street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious flyboats, double deckers, constructed especially for the Pennsylvania lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania system, the same as the boats running between that station and Cortlandt street and Debraes street, which will also be continued in daily service.

The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through trains from the west, over the Pennsylvania Lines, land passengers in New York between 8:30 a. m. and 9:40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panorama gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.

This afternoon at about 2 o'clock at the home of the bride's parents, John H. Kamman, of Seymour, and Mary, the only daughter of Mr. and Mrs. George H. Tormohlen, of Holland, Ind., were joined in the holy bonds of wedlock. The groom is a promising young lawyer of Seymour. He is the oldest son of Mr. and Mrs. Henry Kamman, wealthy farmers living about three miles south of Holland. Mr. Kamman taught school for several years near his home after which he attended the law school of the Indiana University and graduated about a year ago. He is an excellent young man and has a very bright future before him. The bride is an estimable young lady and is every way fitted for such an excellent partner. Some 200 guests were present at the ceremony. Rev. G. K. Ketch, of the German M. E. church performed the sacred rite. Many and costly presents were bestowed upon the happy couple. The Ebenezer choir delighted the guests with joyful songs. In every way the day will linger long in the minds of those present as a very happy event.

The Best Remedy for Rheumatism
From the Fairhaven, N. Y., Register.
Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. Is it "ov rwork" that has filled this country with nervous dyspeptics?—that takes the flesh off their bones, the vitality from their blood, and makes them feeble, emaciated and inefficient? No. It is bad cooking, overeating of indigestible stuff, and other health destroying habits.
The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach the Cordial gives it a change to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

BANK MESSENGER DISAPPEARS.
Albert M. King mysteriously missing—So is a Large Amount of Money.
BOSTON, May 20.—Albert M. King, a 19-year-old messenger of the Boylston National bank, is missing together with about \$20,000 in cash and a \$10,000 United States certificate not negotiable except between banks. King started for the clearinghouse yesterday to settle the balance against the bank and on the way, according to instructions, transacted other business involving some thing like \$45,000. As he did not return to the bank in a reasonable time the officials grew anxious and made a search for the messenger, besides notifying the police, but have been unable to ascertain his whereabouts. When young King left the bank for the clearinghouse the balance against the bank was \$15,500.71. To pay this he received an order on the Union National \$25,000, the remainder to be returned to the Boylston bank. Besides he was instructed to go to the Freeman's National bank and collect \$20,000 which he was to carry to the National Bank of Commerce and pay it there.
King reached the clearinghouse and paid over the \$15,000 in cash, which he had received from the Union bank, and in order to balance the account he had to take \$500.71 from the \$20,000 which he should have paid to the National Bank of Commerce. Here all trace of the missing boy was lost.

STRIKING RECOVERY.
Man With Eleven Punctures In His Intestines Gets Well.
DELAWARE, O., May 20.—One of the most remarkable recoveries known to medical science is that of Thomas Wiley, the student, who accidentally shot himself in this city some two weeks ago. Mr. Wiley was cleaning a revolver and the weapon was accidentally discharged, the ball piercing the abdomen, puncturing the intestines in 11 different places. An operation was performed, the intestines being removed and the wounds sewed up and then replaced. Mr. Wiley was only confined to his room for two weeks, and is now up and around, apparently fully recovered. The case is to be reported for the surgical records.
